

COMMISSION HELD ITS FIRST SESSION

PHILIPPINE COMMISSION MET THIS MORNING.

Gen. Miller in Command of Forces at Iloilo Reports the Killing of Two Hundred Insurgents—Gen. Lagardabe Beheaded By Order of Aguinaldo.

Manila, March 21.—[Special].—The members of the United States Philippine commission, with the exception of Colonel Denby, who has not yet arrived, held its first session this morning.

Two Hundred Insurgents Killed.

Manila, March 21.—[Special].—Gen. Miller in command of the forces at Iloilo, reports the killing of 200 insurgents, who made an attack on the Americans at Maro Marbo. Col. Duboc of the First California was ordered to take a battalion of that regiment and join Colonel Smith, who was in command at Negros. It is rumored that insurgents are in Panay endeavoring to make trouble on the island.

Lagardabe Ordered Beheaded.

Manila, March 21.—[Special].—Gen. Lagardabe was beheaded by the order of Aguinaldo, for advising a rebel leader to abandon any further resistance.

Manila, March 20.—[Special].—Gen. Wheaton's brigade, which in the past week has swept the country clear from Manila to Laguna de Bay, has with drawn with the exception of the Washington volunteers, who hold Pasig and Taguig.

Professor Schurman, of the Philippine commission, has been instructed to prepare and draft a proclamation to the inhabitants of the Philippines.

Washington, March 20.—The following dispatch was received from Gen. Otis by the war department Sunday:

"Manila, March 19.—Adjutant-General, Washington: Our improved gunboats under Capt. Grant, Utah artillery, have full possession of Laguna de Bay; troops, inhabitants and property on the shores of the lake are at our mercy.

"Wheaton's brigade on the Pasig river line drove the enemy northeast into the province of Morong. Last evening the insurgents attacked a portion of his force south of Pasig, killing two men and wounding twenty of the Twenty-second infantry.

"This morning Wheaton moved against this insurgent force, driving it to the south fifteen miles, experiencing very slight loss. The enemy left 200 dead on the field. OTIS."

Details of the Battle.

Manila, March 20.—The Twentieth and Twenty-second regular infantry, two battalions of the First Washington infantry, seven companies of the Second Oregon infantry, troops E, I and K of the Fourth cavalry, and Scott's battery of the Sixth artillery, composing the flying column under the command of Gen. Wheaton, which began operations against the rebels last Monday, have capped their first week's operations with a splendid achievement, by which the country between Manila bay and Laguna de Bay, as far south as a line drawn from Cavite to Laguna de Bay, was cleared of the rebels.

Saturday night Gen. Wheaton decided to drive the enemy southward from daylight Sunday morning the brigade, with the exception of a small garrison which was left to guard Taguig and Pasig, was ordered to advance.

The advance was made from Taguig, one of the villages on Laguna de Bay which was captured by Gen. Wheaton's troops a few days ago, and the country to the south and southwest of that place was thoroughly scoured for a distance of fifteen miles, to the town of San Pedro de Tunson. Ten villages were burned and heavy loss was inflicted on the Filipinos.

The Twenty-second regulars, with two guns of Scott's battery, had the right of the line. The Oregon regiment was in the center, while the Washington regiment had the left of the line.

At first the advance was stubbornly contested by the Filipinos, but they were ultimately driven out of their positions. Then the American left wing pursued them along the shore of the lake, while the right wing swung in toward the center, the movement resulting in the complete rout of the enemy's troops.

Two hundred dead Filipinos were found on the field and their total loss must have been over 1,000.

Our troops followed them for fifteen miles, burning every village along their route. Late in the day the brigade returned to its former position.

In the fighting our losses were supposed to be about seven killed and thirty wounded. The large extent of the territory over which the operations were conducted makes it difficult, however, to give a full and accurate list of our casualties. A partial list follows:

JOHNSTON, private, company K, Twenty-second regular infantry.

PAGE, JAMES, private, company D, Second Oregon volunteers.

SMITH, J., private, company E, Twenty-second regular infantry.

Wounded: Second Oregon Volun-

teers—Privates Young (1), Clark, Young (2), and Fred Bowne. First Washington Volunteers—Captain Jones, Corporal R. Bucklin, Privates August Schmidt, Robert Rice, Charles Farmer, James Comaforde, Raleigh White, Nelson Arvidson, William Ellis, Frank Yunt, Leander Mingee, Edward Wilson, George Schneider, Earl Edwards, Frank Ruefer, Carl Crumholz and Merritt Porter.

Saturday evening a number of insurgents who had sneaked north along the west shore of Laguna de Bay attacked a detachment of the Washington regiment at Taguig. Companies M. B. and E. of the Twenty-second regulars were ordered to the assistance of the volunteers, and they attacked the enemy from the south side of the Pasig river. The fighting lasted until darkness set in, when the Filipinos retired. Our losses were twenty killed and wounded.

Private B. Young of the Twenty-second infantry was wounded during the fighting Saturday and fell into the hands of the Filipinos, who threatened to roast him alive. They would likely have carried their threat into execution had they not been too busy in attempting fruitlessly to check the advance of the Americans. When they were driven from their positions they were in such a hurry to leave they forgot Young, who was subsequently found and cared for by his fellow soldiers.

Gen. Wheaton estimates that in the several engagements that have occurred during the week the rebels lost 2,000 men in killed, wounded and captured.

RETURNED TO CHICAGO

Beef Board of Inquiry Resumed Examination of Witnesses Called in Behalf of Miles.

Chicago, March 20.—[Special].—The beef board of inquiry returned to Chicago today and resumed the examination of witnesses called in behalf of Gen. Miles.

The first witness was Col. Foster, of the Sixth Illinois, who testified that he drew refrigerated beef once, which was so bad it had to be buried. He said he never drew it again. He found many bad cans of roast beef.

Capt. Dimmick, of the First Illinois, testified to the same effect.

Other witnesses corroborated their statements.

BREAK IN CLINTON WATER PIPES

Causes Much Trouble—Well For Water Works Completed—Death.

Clinton, Wisconsin, March 20.—Much difficulty was experienced in locating the break in the Main street water pipe. Excavations were made at three different points before the leak was found. Another leak was found on Milwaukee street near Main. Both breaks were fortunately small and easily repaired. The well for the water works is now completed and has been accepted by the board. Three hundred dollars was saved for the village as it was found that it was not necessary to drill to the depth that the contract called for. There still remains arrangements to be made for pumping which the electric light plant, it is said, can not do. The family of Amos Crippen, living east of here, is in great bereavement over the death of the youngest child, a boy of ten years, which occurred Wednesday morning of pneumonia, after an illness of but two days. The little fellow was up town Monday with his parents and complaining of feeling sick was taken home and a doctor summoned. Since then another child has been taken sick and a council of doctors held. The supper given by the United Workmen Friday evening was well attended considering the unfavorable weather. Over eleven dollars were realized. The waiters were decorated with green ribbons and caps in honor of St. Patrick's day. The young men will give another party at the Cheesman hall next Friday evening. These gatherings seem to be quite popular this winter. The Enders auction was largely attended and stock sold high. J. H. Soper acted as clerk. The amount of the sale must have reached nearly three thousand dollars. The creamery here paid 83¢ for second half February milk. Butter fat 21½ cents. O. F. Woodward was in Milwaukee last week. Supt. David Thorne had charge of a teachers' examination here Friday and Saturday. About fifteen teachers were present. Rev. T. J. Parsons was the recipient of a very hearty donation Thursday evening. The Baptist pastor is steadily gaining in popularity and has a great many friends outside of his church. Miss Rena Gilbert is spending a little time in Chicago. Mrs. Geo. Carter, of Sioux City, who has been the guest of her brother, H. N. Cronkite, for a few days, left for her home Monday afternoon. John Barless and Ray Boynton, of Emerald Grove, were in town Friday. H. G. Church was here over Sunday. Rev. Mr. Moore is expected home the last of the week. The seniors of the High school wear a very neat '99 class pin which they procured through O. L. Woodward. There was a small company of friends out at S. S. Jones' Thursday evening. Mrs. Geo. Babcock visited in Chicago last week. Flora Edwards was in Janesville Saturday. Mrs. Helen Terwilliger's mother died in Chicago and was buried at Janesville on Monday. Mrs. Nellie Fox Taylor was here Saturday. Miss Lelia Ames is taking a week's vacation here. Mrs. Harriet Winegar was quite sick a portion of last week.

HUMAN BODIES ARE DISCOVERED TODAY

IN RUINS OF THE WINDSOR HOTEL.

Twelve Hundred Men Now Working on Ruins—Progress Very Slow—Believed Bodies Will be Found in South-Eastern Portion of the Building.

New York, March 20.—[Special].—A part of a human body was discovered today in the ruins of the Windsor hotel. A few minutes later a human skeleton was found.

Twelve hundred men are now working on the hot ruins. Progress is very slow. It is believed several bodies will be found in the southeastern portion of the building.

The big iron safe of the cafe was uncovered this morning. A squad of policemen are watching it.

Portions of what is believed to be three bodies was also found.

The police this morning gave out a revised list of dead, which showed ten victims of the fire. Saturday's list showed sixteen.

Much confusion is being caused by the fact of identified bodies also on the list as unknown.

New York, March 20.—No dead bodies were found in the ruins of the Windsor hotel Sunday, although a large force of men was kept continuously at work, and a portion of the space within the street walls was explored. Nowhere was anything found to indicate that there were any bodies in the ruins, although it is believed there must be many. The search for the survivors established the fact that many of those whose fate was in doubt were safe. Of the 212 whose names were on the list Mr. Leland furnished from the register of the hotel there remain only twenty-one not accounted for.

TWENTY-ONE GUESTS MISSING.

Sixteen Were Located at Various Hotels Yesterday.

New York, March 20.—Of the thirty-four guests unaccounted for Saturday sixteen have been reported safe, but it is necessary to add the names of Mr. and Mrs. A. B. Johnson of New York and Miss Margaret Fuller of Pittsburg to the missing list. Mr. Johnson is a lawyer. One of his uncles was a judge of the Court of Appeals and another a law partner of Roscoe Conkling. Miss Margaret Fuller of Pittsburg is a niece to Mrs. Andrew Carnegie, and was ill in a room with Miss Bradley. The following is a full list of missing guests: Mrs. M. Auzo, New York; T. A. Barrett, London, England; Miss Bates, New York; T. M. Burton, New York; Baron Bischoffhausen, Germany; William Early, Virginia; Miss Margaret Fuller, Pittsburg; W. E. Gilbert, New York; Mrs. W. E. Gilbert, New York; Miss D. Hoffmann, Baltimore, Md.; C. E. Hasbrook, Boston; Mrs. A. A. Johnson, New York; A. B. Johnson, New York; Miss M. E. Logan, Chicago; Miss McNulty, New York; F. M. Olds, New Jersey; Mrs. J. H. Stokes, New York; L. Stettauer, New York; Mrs. D. Solomon, New York; Miss Solomon, New York; Mrs. T. N. Taylor, New York; A. L. Webster, New York.

Say Robbers Started Fire.

New York, March 20.—A mass of testimony is accumulating tending to show that the Windsor hotel fire horror was of incendiary origin; that the motive was robbery, and that in some cases, at least, the thieves were successful. From all sides comes corroborative evidence of the presence of thieves in the building at the very beginning of the fire. They sprang up on the different floors with the flames and even cloaked their purpose under a pretense of assisting those in distress.

FORECAST OF WEATHER.

Chicago, March 20.—[Special].—Forecast for Wisconsin:

Fair and warmer tonight, probably rain Tuesday.

SURPRISE PARTY FOR FISHER

His Birthday Made the Occasion of a Pleasant Demonstration by Friends.

S. M. Fisher had a birthday. He hadn't figured much on any demonstration, however, until he went home Saturday night and found his home, 156 Dodge street, full of company. His wife had invited in thirty friends, and they surprised the good natured furniture man completely. There was a birthday supper, a lot of birthday congratulations, and then everybody turned in and beat the host at six hand euchre. Altogether, they made Mr. Fisher's birthday a memorable occasion.

WAGES GREATLY INCREASED

MRS. MARTHA PLACE IS ELECTROCUTED

PAYS DEATH PENALTY IN SING SING PENITENTIARY.

Current Turned On at 11:01 This Morning—The Condemned Woman Spent the Fore Part of Last Night in Religious Devotion—Kneelt and Prayed.

Sing Sing, March 20.—[Special].—Mrs. Martha Place was electrocuted in the penitentiary here this morning. The current was turned on at one minute past eleven.

Death was instantaneous, and the execution was the most successful that ever occurred here.

At exactly 11 o'clock the condemned woman was conducted into the death chair by two women attendants.

She was thoroughly composed, and walked in with steady steps, although her eyes were closed, and she was evidently repeating her prayers, as she murmured "God save me," and a moment later was seated in the chair, and the women attendants had adjusted the electrodes.

Seventeen hundred and sixty volts were then sent through the body four seconds and two hundred volts for fifty six seconds.

After the current was turned off, the prison physician made an examination, but found no signs of life.

As a precautionary measure the current was again turned on for a few seconds.

Mrs. Place spent the forepart of the night in religious devotion. A number of times after reading chapters in the bible she knelt and prayed.

She fell asleep about three o'clock in the morning and slumbered without intermission until late in the morning.

She seemed reasonably composed and ate some breakfast with an apparent relish.

She said she was resigned to death and believed she would be saved in the hereafter.

The crime for which she was electrocuted was particularly atrocious.

Shortly after her marriage to Place, she began to quarrel with her husband's daughter by a former wife. On February 8, 1898, the woman and her stepdaughter had a particularly violent quarrel, during which Mrs. Place threw carbolic acid in the girl's face and knocked her senseless with an ax; then smothered her to death with a pillow. She also attempted to brain Place, but he managed to escape.

PAPER SOLD AT AUCTION

The Republican Plant Bought In By a Creditor at \$650

After a fitful existence of several years duration the Republican newspaper and plant was sold at auction Saturday afternoon by Constable Wallace Cochran for \$650. The buyer was the Chicago Newspaper union, one of the creditors. The amount realized represents less than one-third of the indebtedness of the concern. W. S. Hidden bid \$750 for the plant, but made up his mind he did not want the property and withdrew his offer.

Killed by Shakespeare.

How many important personages did Shakespeare kill? In his works the great dramatist despatched about thirty altogether, each one of whom rejoiced in a name. Of course hundreds of minor individuals were slaughtered wholesale on the field of battle and elsewhere. Of the ninety at least two-thirds died by cold steel, twelve from old age or natural decay, seven by decapitation, five by poison, two suffocation (or three if you include Desdemona), two by strangling, three by snake bite, one from a fall, one by drowning, and one, Horner, the armourer, by being banged to death by a sandbag. There are living authors quite as deadly, not perhaps to the characters in their books, but to the people who read them.

MANAGER MADE A PROTEST

Thought the Sum of \$1 Too Small For Skinner Performance.

While in Milwaukee last Saturday Manager P. L. Myers met Joseph Buckley, manager for Otis Skinner, who appears here Saturday evening, March 25, in "Rosemary." Mr. Buckley made a strong protest against the sale of the best seats at \$1.00 for the production and said that in no other city were seats sold for less than \$1.50. Oshkosh, Madison, Milwaukee, etc., all sold at \$1.50. The opera house should be packed at the low standard of prices Manager Myers secured for this famous play. A carload of special scenery and stage settings is carried for the production.

Age of Niagara.

Some interesting speculations concerning the age of the Niagara gorge are reported by nature. This was the subject of a paper by Prof. G. Frederick Wright, read at the Boston meeting of the American association. The late Dr. James Hall early noted the significant fact that "the outlet of the chasm below Niagara falls is scarcely wider than elsewhere along its course." This is important evidence of the late date of its origin and it has been used in support of the short estimates which have been made concerning the length of time separating us from the glacial period. A close examination made by Prof. Wright this summer greatly strengthens the force of the argument, since he found that the disintegrating forces tending to enlarge the outlet and give it a V shape, are more rapid than has been supposed. As the result of his investigations he concludes that a conservative estimate of the rate of disintegration for the seventy feet of Niagara shales supporting the Niagara limestone would be one inch a year, with a probable rate of two inches a year. But at the lowest estimate no more than 12,000 years would be required for the enlargement of the upper part of the mouth of the gorge, 1,000 feet on each side, which is very largely in excess of the actual amount of enlargement. Some of the recent estimates, therefore, which would make the gorge from 30,000 to 40,000 years old, are regarded as extravagant. According to Prof. Wright, the age of the gorge cannot be much more than 10,000 years, and is probably considerably less.

Noted Court-Martial.

No less a person than Gen. Winfield Scott was once tried for abusing the ranking officer in the service, Gen. Wilkinson, says the Chicago Tribune. Gen. Scott went into retirement for a year to learn to bridge his tongue and blunt his pen. Gen. John C. Fremont was sentenced to be dismissed for insubordinate conduct, but the president remitted the sentence. Other brigadier and major generals have been tried for various offenses. Gen. Wilkinson, the commanding officer, was tried for treason and was acquitted. He was charged with complicity in the Burr scheme. Gen. Hull was sentenced to be shot for cowardice. The extreme sentence was not carried out, though it was never revoked. The cases of Fitz John Porter and Judge Advocate General Swain are fresh in the public mind. There are not precedents for the trial of soldiers of high rank, though there is no great comfort for Egan in the perusal of the findings of the courts.

A CYCLONE VISITS BISMARCK, ALABAMA

THE ELEMENTS PLAY HAVOC AND BRING DESTRUCTION.

Two Boys Were Killed and Seventeen Others Seriously Injured—Member of Coffee Family at Edwardsville, Meets Death, Making Eleven Deaths in Family.

Birmingham, Ala., March 20.—[Special].—News reached here this morning of another cyclone in this state Saturday night, the latest at Bismarck. Two boys were killed and seventeen others were seriously injured. Another member of the Coffee family at Edwardsville meets death, making eleven deaths in the family.

Birmingham, Ala., March 20.—Eleven persons were killed and fifteen injured in Saturday night's cyclone near Edwardsville, Cleburne county, 100 miles east of here. Ten of the dead are the Lewis Coffee and his wife and children.

The cyclone began six miles west of Edwardsville, near Iron City and swept the country for twelve miles. Its path was from 100 to 200 yards wide. The greater part of the country it moved over was wooded land and hundreds of trees were uprooted or twisted off at the ground. Immense timbers were carried into the air and some were driven through trees.

The residence of Lewis Coffee, tax assessor of Cleburne county, was a large double log house on a little hill. Coffee, his wife and nine children were at home. The house was crushed like an eggshell and its timbers blown 200 yards away. Ten of the eleven occupants were instantly killed.

Dinners Served Up in a Tree.

A restaurant exists at the village of Robinson (named after Cruse), about ten miles from Paris, where they serve dinners up in a tree. This restaurant has turned the trees of its garden into small thatched-roof pavilions. They are built solidly into the branches, and plainly furnished with deal tables, straw-seated chairs, and coarse, clean nappery. The visitors ascend by a flight of rustic steps, and the food is hauled up in wicker baskets by a stout cord and pulley. There is a waiter below, a waiter above and, considering the distance the viands have to travel before they appear on the table they are served tolerably hot. "There were," said a gentleman who recently dined there, "three stories or platforms on the tree on which my party dined. We occupied the middle one, while the pavilion above us was in the possession of a group of vocalists. Every one was in high spirits, and the dinner in a tree proved a great success."

Cook.

How the coolness of one man sometimes acts on his companions, seemingly depriving them of fear, is shown in a story that belongs to the war in Syria, and the British attack on Sidon. During that attack, says the Argonaut, the British troops had to advance across a long, unprotected bridge, in the face of a battery of six guns, which completely commanded the approach. The men were unwilling to expose themselves to certain death, till one soldier, Cummings by name, a man in faultless uniform, stepped forward to the very middle of the bridge. The bridge was immediately swept by the fire of the battery. When the smoke cleared away, Cummings was seen standing uninjured, carefully brushing the dust from his boots, after which he adjusted a single glass in his eye and looked back at the men. This was too much. They took the bridge and the battery with a whoop.

A Fooling Woman.

Doubtless the female punster, a guest at a dinner party where a bishop was present, recalled to the prelate Doctor Holmes' remark: "People that make puns are like wanton boys that put coppers on the railroad tracks." The Baltimore Sun tells the story. "By the way," said the woman, "do you know that there are times when it is dangerous to enter an Episcopal church?" "What is that, madam?" said the bishop, with great dignity, straightening himself up in his chair. "I say there are times when it is positively dangerous to enter the church," she replied. "That cannot be," said the bishop. "Pray explain, madam." "Why," said she, "it is when there is a canon in the reading-desk, a big gun in the pulpit, when the bishop is charging his clergy, the choir is murdering the anthem, and the organist is trying to drown the choir."

See That Took to Drink.

Dr. Weir, in discussing the tendency of some insects to get drunk, says: "An intoxicated bee was carried to my laboratory for dissection and microscopic investigation. This insect was so drunk that when placed upon its back it had the greatest difficulty in getting upon its legs, yet when a cosmos blossom was brought within two inches of its head the bee thrust out its proboscis and staggered toward it. It immediately began to suck the nectar and in a few minutes tumbled over, a drunken, senseless, almost inert little mass—a victim of appetite."

ENTERTAIN FRIENDS IN A ROYAL MANNER

LOCAL KNIGHTS OF THE GRIP
WERE THE HOSTS.

The Occasion Was the Second Anniversary of Janesville, United Commercial Travelers—Banquet, Entertainment and Ball Affords Amusement Unbounded—Many Visitors.

Last Saturday evening, the East Side Odd Fellows' hall was the scene of an attraction in the nature of a social function that will give most pleasant recollections to those who participated in the festivities of the evening.

The occasion that furnished an unlimited amount of enjoyment was the second anniversary of Janesville Council No. 108, United Commercial Travelers, to which friends of the association to the number of about two hundred were invited, among whom were a number from out of the city.

Every detail by the committees in charge was faultlessly carried out. Upon the arrival of the guests, they were received with a hearty welcome from the jolly drummers and after the arrival of all the invited ones, a most elaborate banquet was served, three tables being set in order to accommodate all. There are none more capable of judging suitable dainties that go to make up a palatable spread than the jolly Knights of the Grip, therefore it is needless for an enumeration, but suffice it to say, that there was nothing lacking. The tables were handsomely decorated and during the serving of supper, Smith's orchestra of six pieces played some sweet selections of concert music. After the appetites of all had been appeased, the company adjourned to the hall upstairs, where an enjoyable program was rendered, in which President John S. Seidmore had charge.

F. F. Nicholson, on behalf of the council, bade the guests a cordial welcome. He spoke of the Travelers Men's association, also of the organization of this better and stronger organization—the United Commercial Travelers.

The following took part in the program: E. O. Kimberley sang "Only a Sprig of Heather." Mrs. C. F. Yates accompanied; Miss Alice Crawford recited "Mandy Sawyer's Trip to New York"; Geo. L. Hatch sang "Sweetheart, Come Back" and for an encore "She was Bred in Old Kentucky." Miss Gladys Nicholson gave the humorous recitation "A Yankee in Love"; Archie Crawford rendered a vocal solo, his daughter, Miss Elva, being his accompanist.

This concluded the program, after which sweet waltz music wafted through the air and until the midnight hour the guests enjoyed themselves in merry dances.

The following committees contributed to make the affair the success it was: Arrangement Committee—A. F. Spooner, C. B. Evans and J. D. Crawford.

GRAND ATTRACTION IN STORE

Otis Skinner in "Rosemary" at Myers Grand Saturday Evening.

The appearance of Otis Skinner and his company at Myers' Grand Saturday evening, March 25, promises to be a brilliant social and artistic affair. The regular sale of seats opens Friday morning at 10 o'clock, and the disposals and reservations indicate the usual business associated with Mr. Skinner, a crowded house. The play is to be the dainty comedy "Rosemary," never before presented here, and new to Otis Skinner's repertory. There is promised a production of the comedy replete with handsome scenery and costumes from the Empire Theatre, New York, and a company including the popular leading lady, Gretchen Lyons, a favorite here, Frank Sylvester, John Malone, E. A. Eberle, Alfred Edwards, Frank Lewis, Henry Batten, Lizzie Montgomery, Ruth Holt, Clara Everett and others. An evening of unusual pleasure undoubtedly awaits the audience of Saturday night.

The sale of subscription seats begins Thursday morning, March 23rd, at 10 o'clock and those who have subscribed should be on hand and secure their seats. A line must be formed before the box office opens. The regular sale of seats begins Friday morning at 10 o'clock. Every seat in the house should be sold out before the night of the performance, as this is an attraction that is seldom the good fortune of Janesville theatre-goers to witness.

Manager Myers as well as all others who have witnessed the production of "Rosemary," recommend it most highly.

A HUNDRED REASONS

Can be given why Stuart's Dyspepsia Tablets are the best and most effective cure for every form of indigestion.

They are in tablet form, which retains their good qualities indefinitely, while liquid preparations become stale and useless with age.

They are convenient, can be carried in the pocket and taken when needed. They are pleasant to take.

After each meal dissolve one or two of them in the mouth, and mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the food pure and free from the poisonous products of fermentation, half digested food.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy; the successful physician of today is the specialist, the successful medicine is the medicine prepared especially for one disease.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh forming foods.

A whole package taken at one time would hurt one, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone, have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold at all druggists at 50 cents per package.

The First Presbyterian church society of Beloit, celebrated the fiftieth anniversary of its organization with special services and exercises yesterday, and will continue today and Tuesday. The society was organized March 19, 1849, at the residence of Benjamin Brown with forty six members. The original building was erected in 1850 at a cost of \$10,000. Explosions Cause Alarm.

Paris, March 20.—Although there is no evidence that they were caused by foul play, the explosions at the government ammunition factories Saturday, following so closely upon the terrible disaster at La Goubren, near Toulon, have caused widespread public alarm. The greatest precautions have been adopted at the factories, the sentries being doubled at all powder magazines and military establishments.

PROTEST FROM WHEELMEN ON
GUTH BICYCLE BILL.

The Guth Bicycle Bill Arouses the Ire of Some of the Milwaukee Wheelmen—Talk of Organizing a Colony From Chicago Slums—Other State News.

Milwaukee, Wis., March 20.—The Guth bicycle bill has aroused the ire of some of the Milwaukee wheelmen, and it is probable that a delegation will go to Madison this week to enter a protest against the passage of the bill. A number of bicyclists met today and took the preliminary steps toward making a protest, and it is understood that all local clubs will be asked tomorrow to send telegrams to the Milwaukee delegation demanding delay until the matter can be thoroughly heard from the standpoint of the wheelmen. The bill practically legislates the rider off the roads of the state, and while it is likely to pass the assembly, those who are opposed to it believe it can be killed in the senate. The father of the bill, Louis B. Guth, lives in the hamlet of Kewaskum, and like Assemblyman Daggett, of Bear Creek, who wants "tight lacing" prohibited, and corsets abolished, was not used to such things as bicycles, telephones and electric lights until he was elected a member of the legislature. Kewaskum and Bear Creek ought to become famous for originating freak bills.

Keeps Her 102d Birthday.

Fond du Lac, Wis., March 20.—Mrs. Charity Jane Robinson, one of the best known and most widely respected of Fond du Lac's citizens, celebrated today her 102d birthday in accordance with a custom that has become annual for some years past. Two years ago, when Mrs. Robinson reached the century mark, the birthday fete was of an elaborate nature. Today's celebration was less formal, but the Robinson residence was besieged with callers all day, and the venerable hostess was the recipient of innumerable gifts and tokens of the regard in which she is held.

Notwithstanding her advanced age, Mrs. Robinson retains possession of all her faculties. Her health is remarkably good and in her conversation she gives evidence of high breeding and culture.

She was born in Dublin, Ireland. Her father, Richard Powers was a captain in the British navy, and she was married to an officer in the same service. They started for America in 1865. Her husband died during the voyage and was buried at sea, and she came to Fond du Lac, where she has relatives, and here she has lived ever since.

Colony Will Be Organized.

Milwaukee, March 20.—If Ballington Booth will accept a large farm in the town of Liberty, Outagamie county, which W. D. Cornell of Fond du Lac, has offered to donate for the purpose, a colony will be organized from people now living in the slums of Chicago. It is proposed to divide the farm into ten-acre garden plots, upon each one of which will be located a family. Surrounding cities will offer a market for the product, and railroad facilities are first class.

Indian Frozen to Death.

De Pere, Wis., March 20.—An Oneida Indian was frozen to death in the recent storm. Three Oneidas spent the day among their white brethren and returned to the reservation late in the evening. On their way home they had to cross a creek. The water was higher than usual, and in crossing, the box slid off the sleigh into the stream. Two of the Indians succeeded in jumping out and saved themselves, but the third one, Abraham Smith, remained lying in the box, which was carried away by the water. All three being intoxicated they were unable to help each other, and Smith was found dead.

Found Dead at Devil's Lake.

Baraboo, Wis., March 20.—Thomas Thompson, a well-known architect, was found unconscious near the railroad track at Devil's Lake early this morning. He was taken to his home at Kirkland, but died before reaching there. No marks of injury were found on the body and it is supposed he died of exposure. He was for several years captain of a pleasure steamer on Devil's Lake.

Editor French's Mining Ventures.

East Claire, Wis., March 20.—M. C. French, a former newspaper man of this city, is reported to have cleaned up over 10,000 in the mining business the past few years. He has opened a brokerage office in Superior. Mr. French published The Forum here and later started a paper under the same name at West Superior.

Grange to Meet Saturday Evening—Milwaukee Proctor Closes School

La Prairie, March 20.—The remains of Mr. Van Gelder arrived here for burial Tuesday from Jeffers, Wis. The interment was in Turtleville cemetery. The La Prairie Grange will meet next Saturday evening. The ladies will bring the chicken pie and the gentlemen the doughnuts. Miss Mildred Proctor closed a very successful term of school Thursday. Her pupils presented her with a handsome present.

Miss Hattie Spear will commence school in District No. 4 in three weeks. The sick around the neighborhood are improving. Mrs. McCartney and sons have moved to Harmony. Mrs. Eddy, of Chicago, has been visiting her brother, C. H. Wright. The roads and weather have not been very favorable for travelers the last two weeks.

A PRIEST ATTACKS M'KINLEY

Says the Purpose of the War Was to Rob The Church.

The Rev. M. J. Ward, of Beloit, the "giant priest" of the Catholic church of that city, startled an audience at a St. Patrick's day celebration meeting last Friday night with the remark that he had concluded that President McKinley was either "a fool or a knave" because of his utterance in his Chicago peace jubilee speech, in lauding the American people for accomplishments in the war with Spain.

Father Ward said the war with Spain was a farce, under the guise of a motive of humanity when it was a conquest for wealth. He said while he honored our soldiers, he did not think they were entitled to much glory for their slaughter at Manila bay or in the harbor of Santiago, where the American ships so out-classed the enemy. He said that he believed that we would see a course pursued in the Philippines as cruel as ever was inflicted by Spain, and that the real purpose of the conquest was to rob the people there of their priesthood and acquire by force their property.

P. J. Kelley, of Milwaukee, also spoke but the tone of his speech was altogether different. He said patriotic Irishmen went to war for the honor of their country, that they might give liberty to an oppressed people.

A Conundrum Answered.

She: "What's the difference between allopathy and homeopathy?"
He (carelessly): "One does and the other doesn't, I forget what, and which—"

She: "Do some doctors use both?"
He (reading newspaper): "Sure."
She: "Well, then, why don't some of them study out a combination that will stop pain and cure?"

He (earnestly): "They have. 'Orange-ine' combines remedies of both schools; proportioned by years of test to normalcy and quickly act on the nerves, stomach and liver, bringing, first, relief, then healing."

A SAD AND SUDDEN DEMISE

John F. Feley Succumbs to Hemorrhage of the Stomach.

John F. Feley passed peacefully away at his home, No. 154 1/2 Washington street, last Saturday night at 11 o'clock, after an illness of less than twelve hours, aged thirty-nine years.

Mr. Feley was an employe of the Chicago & Northwestern Railway, in the capacity of conductor on a stock freight, his run being between this city and Green Bay.

Last Saturday he sat partaking of his mid-day meal, preparatory to going on his usual run, when suddenly he fell out of his chair onto the floor. A neighbor was called, who assisted in placing Conductor Feley on his bed. Dr. E. F. Woods was summoned and upon his arrival found his patient unable to speak. He was very pale and had thrown up a cup full of blood. He continued to grow weaker until the grim reaper death claimed him at 11 o'clock.

Conductor Feley leaves a wife and three daughters and his mother to mourn his untimely death, who have the sympathy of their many friends.

Vineyards Are Being Ruined.

Strasburg, March 20.—The phylloxera, or plant louse, has appeared again in Alsace-Lorraine, where it is ruining the vineyards. Fourteen municipalities are affected. The district agricultural society, representing the vine growers, has petitioned the government for an appropriation for the importation of American vines, there being no hope of staying the pest except by the introduction of healthy stock.

Boub's.
ALE THAT IS HEALTHFUL
The main difference between good and bad Ale is in the after effects—not the taste. You discover part of that difference. You notice for one thing that pure all Boub's ale—doesn't make you bilious. But the main difference goes unnoticed.
Pure Ale is Good
for you; bad ale is unhealthful. Either effect is so gradual you do not know what caused them. Two things are certain. First, pure ale is the right ale—purity is more important than you think. Second, Boub's Ale is pure Ale. People who drink it say it is far ahead of any and equal to famous Bass Ale. Case 2 dozen plus delivered, \$2.00.

THE DUTY OF MOTHERS.

Daughters Should be Carefully Guided in Early Womanhood.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

The following letter from Miss MARIE F. JOHNSON, Centralia, Pa., shows what neglect will do, and tells how Mrs. Pinkham helped her:

"My health became so poor that I had to leave school. I was tired all the time, and had dreadful pains in my side and back. I was also troubled with irregularity of menses. I was very weak, and lost so much flesh that my friends became alarmed. My mother, who is a firm believer in my remedies from experience, thought perhaps they might benefit me, and wrote you for advice. I followed the advice you gave, and used Lydia E. Pinkham's Vegetable Compound and Liver Pills as you directed, and am now as well as I ever was. I have gained flesh and have a good color. I am completely cured of irregularity."

JUDGE CHARLES L. FIFIELD.

Municipal Judge Charles L. Fifield may well feel proud of the splendid endorsement given him at the convention that nominated him to succeed himself, Saturday afternoon. The tributes paid him in both nominating and seconding speeches were glowing, and showed that his work had made a favorable impression throughout the county.

Judge Fifield is a young man of fine abilities. In filling the position he has held since the death of the late Judge Phelps, he has not only shown judicial ability, but also the faculty of deciding between the hardened offender, and the prisoner whose case merits mercy. Many of the men who face the municipal judge are adepts at deceit, yet Judge Fifield has yet to be misled by the harrowing tales of these professional wanderers. To them exact justice has been dealt, and the punishment "made to fit the crime." And where mercy should temper justice, mercy has been the rule. In this respect, Judge Fifield has shown rare discernment. Hence the work of the police has been made just that much less onerous, while the fines collected, etc., will probably exceed the expense of the court. The municipal judge, by business methods, can do much to lighten the cost of this court, as well as to prevent and punish crime. Judge Fifield has evidently realized this fact, and has worked along these lines. He has demonstrated that he is especially fitted for the exacting duties of the position, and his reelection will give the people an honest, capable, fearless and business-like official.

The Milwaukee Journal asks "Why The Milwaukee Sentinel is silent." The question is easily answered. Every time The Sentinel has opened its editorial mouth of late, it has put its foot in it. Consequently, it now finds itself "too full for utterance."

The city caucuses will not be held under the new law this spring, the law not having been adopted, to govern city elections, by the common council. Consequently the old style caucuses will be the rule.

And all the hair-raising trouble in Porto Rico, it now appears, existed only

in the minds of excitable newspaper correspondents.

The caucuses Wednesday evening may be the last ones held in this city under the old law, so attend them for "old times sake" if for no other reason.

Admiral Dewey should make the Oregon his flagship—he is Uncle Sam's best fighter, and the Oregon is the best fighting ship.

Constable Wallace Cochrane's editorial career was brief—no man can run a print shop with a bicycle pump very long.

Attend the caucuses.

GERMAN FARM HAND IS PLACED IN JAIL

CHARGED WITH LARCENY OF MUCH WEALTH.

Alleged That He Helped Himself to Fifty-four Dollars in Cash, and Three Hundred in Notes—Blood Furnishes Strong Evidence—Denies The Crime.

Karl Gausbaul, a German farm hand employed on the August Garbie farm in the town of Lima, is now occupying a cell in the Rock county jail.

Gausbaul is charged with the larceny of \$54 in cash and \$300 in notes from his employer.

Officer McCulloch of Milton, made the arrest last evening and brought his prisoner before Justice Stillman at Milton this morning, where he pleaded not guilty.

Gausbaul was then brought to this city and lodged in jail.

The prisoner is about twenty-eight years of age and speaks but little English. When arrested he seemed surprised, and now claims to know nothing about the robbery.

The money and notes were taken from a bureau drawer in a bedroom. A search of the house revealed the finding of \$10 by the side of a cider barrel in the cellar and \$20 in the woodshed. The notes were found in a bed.

Blood was on the notes and it is alleged that the prisoner's hands were also covered with blood as the result of a cut.

District Attorney Jackson will appear for the state at Milton Wednesday, when Gausbaul will be given a hearing before Justice Stillman.

MRS. BELL'S WILL CAUSES TROUBLE

ALLEGED PECULIARITY IN ITS CONSTRUCTION.

Heirs Claim That the Will Does Not Give Them As Much As They Are Entitled To.—Presbyterian Church Involved.—May Go to the Supreme Court.

Alleged peculiarities in the Sarah A. Bell will has led to a law suit that has occupied the attention of the Rock county court during the past week. Arguments were finished Saturday afternoon and Judge J. W. Sale now has the case under advisement. Besides other funds the case involves considerable money that has already been spent.

Mrs. Sarah A. Bell, widow of the late Alexander Bell of Johnstown, died in January, 1896, leaving a farm in the town of Johnstown valued at \$12,000 and personal property to the value of \$8,000. Mrs. Bell left no children nor grandchildren. A brother, Walter Alexander, of Broadhead and six nephews and nieces, were her near relatives.

To each of her nephews and nieces, with the exception of William Oliver of Broadhead, she willed \$1,000.

To Mrs. Agnes Hume, of Janesville, now deceased, she gave \$2,000.

To Alice Bell and Christina Bell Hall, sisters-in-law residing in Otsego county, New York, she willed \$2,000 each.

To the United Presbyterian church of Rock Prairie, she left \$1,000 to be used as a memorial to the memory of Ellen Alice Bell her daughter, deceased.

To James B. Hume, of Janesville, she willed all of her household furniture, wearing apparel, chattels, jewelry and all movables.

To the home and foreign missions of the United Presbyterian church she willed the remainder of the estate, consisting of real estate or the proceeds of the same.

As soon as this will was made known, James Oliver and other interested heirs at law, filed a petition asking for a construction of the will.

Heirs, represented by Attorney E. D. McGowan and Smith & Pierce, contend that the provision giving \$1,000 to the Presbyterian church of Rock Prairie is void, for the reason that it is indefinite as to what it does not in any way indicate the kind or location of the memorial.

These heirs also contend that the provision giving to home and foreign missions is void for the reason that the will does not designate which United Presbyterian church is meant or how much of which home or foreign missions are meant, and that it suspends the power of alienation of land for a longer period than the law allows.

Heirs, represented by Attorneys Sutherland & Noland, contend that the bequest to the Presbyterian church of Rock Prairie is valid.

James B. Hume, represented by Fethers, Jeffris & Mout, contends that he is entitled to all personal estate and that the legacies should be paid out of the real estate only.

James B. Hume as executor, was represented by Attorney Angie King.

Rev. Mr. Huey, pastor of the Presbyterian church of Rock Prairie, was one of the witnesses examined by Attorney Angie King, who drew Mrs. Bell's will, as also a witness, as were John Barless, James Menzies, John McLeay and John Harvey.

During the trial it was shown that James B. Hume as executor had already paid the \$1,000 to the Presbyterian church of Rock Prairie and that most of it was used in constructing a new church. A portion of it was used for a memorial window placed in the new church to the memory of Mrs. Bell's daughter—Ellen Alice Bell.

ROCK CO. HORSES

SURPRISE EUROPE

ABNET GAVE GREAT PERFORMANCE AT NICE.

Trotted the Janesville Track and Received Her Early Training On the Half Mile Track at Clinton—As a Two-Year-Old She Showed Wonderful Speed.

From Europe comes news of a wonderful performance by Abnet, an ex-Rock county trotter.

Abnet received her early training on the half-mile track at Clinton and has often trotted the Janesville track.

The harness meeting at Nice, France, closed a week or so ago. It is the earliest important European trotting meeting of the year, and the two grand events are the Prix de Nice of 4,000 francs and the Grand International Prix of 11,000 francs, with a silver cup to the winner.

The Grand Prix was trotted March 3, the Prix de Nice a few days before, and both were won by Abnet, the famous little mare by Ambassador-Emblem, by Empire, formerly campaigned in the Gretna Farm stable of G. S. Gorton of Chicago, and sold by him to her present owners, the Messrs. Giorgi Bros. of Milan, Italy, in the late autumn of 1897.

Abnet's performance in these two races was in every way remarkable. In the Prix de Nice she was handicapped thirty yards and in the Grand Prix twenty-five yards. In the latter event she met eleven of the best horses in Europe, and from a standing start trotted the first heat in 2:19 and the third in 2:15 1/2, and this over a grass track. Last year when the famous European (ex-American) champion Col. Kuser won the same event his best time was but 2:21. When therefore, it is recollected that Abnet is a mere mid-gal of a mare, actually standing under fifteen hands tall, the feat seems up as a wonderful one.

The best European record is Que Allen's 2:10 1/2 over the Vienna prepared track. So Abnet's third heat is 2:15 1/2 over a grass course, in the month of March, must be accounted as great a mile as ever was trotted on European soil.

Abnet is now 7 years old. She came out as a two-year-old and took a record of 2:29 1/2. The next year she was the fastest 3-year-old filly out, and scored 2:12 1/2. The next season she seemed to have gone back, but the next, being transferred from the hands of the Wisconsin veteran, Joe Bassett, who had always driven her to the Gretna Farm stable, and placed with George West, she once more developed brilliant capacity, winning several fast races and closing the season at Lexington, Ky., where, although beaten, she won two heats.

THE new company has brought down the rates, thus saving about \$5,000 a year to telephone users. The Rock County Telephone Co. have the best system, with a complete metallic circuit for each phone and the genuine Ericsson Swedish transmitter, the best in the world, will give better service and has the largest number of subscribers, and will in a short time have the greater number of toll connections in Rock county. Consider the above fact and there can be but one conclusion.

Use only the new phone; you will need no other. In Madison the new company has 880 subscribers and the old company 140, with a large part of those free. If you wish to talk to Madison and use the old phone you can reach 140 subscribers. If you use the "new phone" you can reach 880. Which is the best for your long distance work? The same is true all over the state.

Consider all these facts carefully. You will need only one phone. Wait and see.

SPOKE ON LORD'S PRAYER

Interesting Services Yesterday at Court Street M. E. Church

Yesterday morning, Rev. Walter A. Hall spoke to a crowded audience on the Lord's Prayer. He spoke in part as follows:

"The true Buddhist never prays. His highest religious exercise is meditation. The Buddhist monk does no work of any sort. He has five meditations. Mr. Hall described those meditations, showed their high beauty and their relation to Christian teaching, then said: The Christian prays. He praises God, tells Him his need, asks Him for help, listens while Eternal Love speaks to him in return. Christ's disciples said to Him, 'Lord teach us to pray.' Jesus said, 'After this manner pray ye.' Then He gave us the true model for our prayer. 'The prayer that teaches to pray.' 'After this manner.' We notice first an utter absence of all rhetorical flourish. This prayer is as clear as crystal. It is utterly childlike in short, est simplicity. There is no syllable, no letter too much. It says to the most unlettered, 'you can pray. All you need to do is in simplest phrase to tell your need. The All Father who listens to the bird's song and the cricket's chirp will surely hear you, if you truly desire and truly ask.'

Teach this prayer to your children. Teach them its full meaning. Have them pray with all their mind on its thought, and they will grow up knowing how to pray. In their lives they will receive largely, because they will ask rightly.

"Our Father"—All that a tender father should be—tenderly loving, constantly providing, intelligently planning for the child's future—that your heavenly Father is to you. "Who art in heaven," Father, yet the being that tops the whole universe.

This clause prepares for the next: Hallowed be thy name. God's name should be set apart, holy. When we speak it, the soul should fall on its knees, "Thy kingdom come." The Jews had believed Him to be their king. But the great king had in a measure withdrawn and Roman power held them in sad subjection. What they longed for was the restoration of the kingdom. Through Christ comes a nobler kingdom than they dreamed of. "They will become or come to pass on earth as in heaven." That is whatever God wants in Janesville, in the United States, in all the world. May that come to pass. When you pray that you mean, also may I be and do as God wills. This Godward side of prayer, God's glory, his kingdom, his will, this must be first, or our prayers are selfish, and not after the manner that Jesus taught.

ROCKFORD WOULD

LIKE REV. DENISON

LOCAL DIVINE DECLINES WITH THANKS.

Congregational Church in the Forest City Has Talked of Securing His Services.—Would Make It An Object For Him to Leave Janesville—Other Tempting Inducements.

According to Rockford dispatches, Rev. Robert C. Denison, pastor of the Congregational church, has been solicited informally to consider the possibility of removal to Rockford. The Congregational church in that city would be glad to have him as pastor.

When asked this morning about the truth of the report Rev. Denison said he had received informal suggestions from Rockford, but had discouraged the idea at once, and he was at a loss to know how the report got in circulation.

The Rockford church is one of the handsomest edifices of that city and its congregation is large and influential.

The pulpit was once filled by Dr. Barrows, whose brother has but recently been called to take the presidency of Oberlin college.

It is intimated that this is not the only offer that has been held out to Rev. Mr. Denison since his coming to Janesville.

The dining room of The Mrs. Clark Co., 151-153 Wabash Ave., Chicago, is the best appointed and most modern restaurant in the city. It has been recently refitted, improved and enlarged and has an elaborate menu at moderate prices. It caters to those who demand the best.

The restaurant on the 7th floor of the Association building in La Salle street is also run by this company and is equally inviting and attractive.

WED A GOVERNESS.

FOURTH VENTURE FOR A NEW YORK BROKER.

Twenty Years Her Soulo—Third Wife, a Trained Nurse, Had Recently Obtained a Divorce from Him—He is a Millionaire.

James Wood Quintard, a millionaire broker at 80 Wall street, son of George Quintard, founder of the Quintard Iron works, married the other day in Paterson, N. J. Miss Hedwig Johanna Baltensberger, who for several years was the governess of his daughter. The bridegroom is 47 years old, and this is his fourth marriage. The bride is 27, and is a member of a family as well known in Switzerland as the Quintards are in New York.

Owing to the fact that Mr. Quintard's third wife had obtained a divorce from him it was decided to have the wedding take place in New Jersey, and several days ago Mr. Quintard, with Messrs. Pennington and Beam, Paterson lawyers, obtained a license. Miss Baltensberger then gave the Plaza hotel as her residence, stating that she had lived there one day.

The bridal party journeyed to Paterson in the special car of the president of the Erie railroad, arriving there shortly after 11 o'clock. Mr. Beam was awaiting the party at the station, and they drove at once to the Second Presbyterian church, at Church and Ellison streets. The doors were locked immediately after the bridal party's entrance. The ceremony was performed by Rev. Charles D. Shaw, pastor of the church.

Miss Baltensberger, a pretty blonde, was attired in a neat gray traveling gown. Her only attendant was her sister. She was given away by George Quintard, father of the bridegroom, who is 75 years old. The bridegroom was attended by Mr. Theall, a New York lawyer.

After the ceremony it was discovered that in the marriage license Mr. Quintard's middle name was given as "Weed" instead of "Wood," but it was decided that another ceremony was not necessary, the error being merely a clerical one.

Mr. and Mrs. Quintard immediately after the ceremony, went to Jersey City in the special car, and then started on a southern tour. On their return they will occupy Mr. Quintard's residence, in Port Chester. Mr. Quintard, since his return from Europe last July, with his daughter, has been living at the Savoy hotel.

The first wife of Mr. Quintard was Lucile Louise Kearney, a relative of Gen. Philip Kearney. She died in 1886. The second Mrs. Quintard was Marie A. Ropes of Brooklyn. After her death he married Lillie A. Willett, a trained

NEW BLOW AT BEEF.

Witness Says That Meat Showed the Use of Chemicals.

Leavenworth, Kan., March 20.—The army beef court of inquiry concluded the taking of testimony at Fort Leavenworth at noon Sunday and at 4:15 o'clock departed for Chicago, where the sessions will be resumed. The sole witness examined Sunday was Sergeant Edward Mason, troop A, First United States cavalry, located at Fort Robinson, Neb., who served as regimental commissary sergeant at Lakeland, Fla., during the Cuban campaign. Mason's testimony was probably the most direct that has been adduced since the court left Chicago, the witness declaring that meat received at Lakeland for use in his regiment was undoubtedly chemically treated. "An agent of Armour & Co.," he further testified, "told me at the time that this meat had been treated with what was called preservative." Witness had refused to accept the meat.

Sergeant Mason was interrogated individually by each member of the court, and could not be shaken in his testimony.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh. Edgar, Germantown, Cal. For sale by People's Drug Co.

Denies Selling Secrets. Paris, March 20.—The Temps publishes an interview with Baron von Mohrenheim, former Russian ambassador to France, who now resides at Pau, in which he denounces as a "clumsy invention" the story that he is the real culprit who sold both Russian and French military secrets to the German government and that it has been only to avoid a public scandal greater than the Dreyfus affair that he has been unpunished.

Chamberlain's Cough Remedy. This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving account of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. Sold by People's Drug Co.

SPAIN PLANS A PROTEST.

Will Appeal to the Civilized World Against America's Attitude. Madrid, March 20.—Silvela, premier and minister of foreign affairs, had a conference Sunday with the French ambassador regarding the liberation of Spanish prisoners in the hands of the Philippines. Spain, it is reported, has determined to protest to the civilized world against the attitude of the Americans, in hindering the efforts of Gen. Rios, Spanish commander in the Philippines, to liberate the prisoners. The government will demand a credit for the payment of the interest on the Cuban debt. The amount to be asked for is 16,000,000 pesetas.

Indians Dying of Smallpox. Guthrie, O. T., March 20.—Forty-nine of the members of the Skeedee Indian tribe in the Creek nation have died from smallpox since Jan. 1. There are but 105 members in the tribe. It is said that when an Indian discovers he has the smallpox he crawls into the brush and dies from lack of care and starvation.

Jonathan Merriam Better. Lincoln, Ill., March 20.—An encouraging change for the better is reported in the condition of Col. Jonathan Merriam, Chicago commissioner of pensions, confined at his home in Atlanta, near here, with rheumatism and the grip. He is still suffering considerable pain, though.

Ten Big Steamers Missing. Boston, March 20.—Ten ocean cargo steamers are long overdue at and from ports from Portland to Baltimore, and some of them are undoubtedly lost.

These steamers carry crews aggregating about 300 men, and their total gross tonnage figures up to 23,476 tons.

Happy is the man or woman who can eat a good hearty meal without suffering afterward. If you cannot do it, take Kodol Dyspepsia Cure. It digests what you eat, and cures all forms of Dyspepsia and Indigestion. People's Drug Co., Main and Milwaukee streets.

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., Nov. 23. I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

PISO'S CURE

Piso's Cure for Consumption is a priceless medicine for Coughs. I have within the past few weeks discovered another point in its favor and that is: it is a SURE CURE for LA GRIPPE, if taken when the first symptoms are noticed.—W. A. HILLERMAN, No. 43 Bushnell Building, Springfield, O., Jan. 11, 1899.

"Dad says to tell you that it helped him in five minutes. The people here are all nearly wild for it, because 'Orangeine' cured 'Dad' so well." ("Dad" is Mr. David Womer, Jamestown, Pa., a sufferer from rheumatism ten years.)

Three Killed in a Wreck. Roanoke, Va., March 20.—A fatal wreck occurred on the Norfolk and Western railroad at Ada Sunday morning, killing Fireman Van Landingham of this city and a brakeman named E. A. Graham. A tramp was also killed. Several trainmen were more or less injured. Three freight trains were wrecked. All were coming east.

FATAL RIOT AT HAVANA.

Natives Attack the Police and a Desperate Fight Follows.

MANY SEVERELY WOUNDED.

Citizens and Guardians of the Cuban Capital in Conflict—Rumor That the Reserves Have Been Called Out to Preserve Order.

Havana, March 20.—A serious conflict between the police and people of Havana Saturday night resulted in much shooting and clubbing. From thirty to fifty people were wounded, some seriously. Among the injured is Police Captain Estampes, formerly a colonel in the Cuban army.

The night's trouble took place at a mulatto ball in San Jose street, an unsavory quarter of Havana. A policeman on duty in that street asked a group of men to go in or disperse.

His request was unheeded and after repeating it he was attacked by the group. The policeman immediately notified headquarters, who ordered twenty reserves to the scene of trouble. The crowd had prepared for their arrival and opened a revolver fire upon the police, which the latter returned, the shooting being kept up until the ammunition was exhausted.

Many women were wounded. A report is in circulation that two of the injured civilians have succumbed to their wounds.

Shortly before 9 o'clock it was reported that another conflict between the people and the police had taken place in the outskirts of Havana, and that two dead policemen and several wounded civilians were conveyed to police headquarters. It is asserted that the reserves had been called out. There is also a rumor that a policeman was stabbed to death in the afternoon.

DROPS HAZELTON SHOOTING.

Austria Will Not Pursue Question of the Killing of Her Subjects.

London, March 20.—The Vienna correspondent of the Standard, referring to the recent editorial allusions by the Politische Correspondenz to the Hazelton shooting and its announcement that the Austrian foreign ministers intend to press the "just claims advanced in behalf of Austrian subjects," says:

"I have reason to believe that the Austrian government has not the slightest intention to seek a quarrel with the United States. The press, however, is constantly accusing the government of neglecting its duty in the Hazelton affair, and the government will not let the matter drop until Count Goluchowski (the Austro-Hungarian foreign minister) gets an opportunity to explain to the delegations that the standpoint of the American government indicated that the latter's note of Feb. 4 is legally and morally incontrovertible, though the sheriff of Lattimer might have waited longer before giving the order to fire on the excited strikers."

"For years 'Orangeine' has proved a great blessing in my family."

Will Try to Pay Cuban Debt.

London, March 20.—The Madrid correspondent of the Standard says: "I am able to state that the government intends, so far as possible, to execute the national guarantee of the Cuban debt. It is proposed that the settlement should include \$23,000,000 of the Cuban 6 per cent bonds issued in 1886, and \$15,000,000 of the 5 per cent bonds issued in 1890. These do not include the war debts contracted since."

"My wife and I find 'Orangeine' is the best headache remedy we ever used."

Alger Ready for Cuban Trip.

Washington, March 20.—Secretary Alger returned to Washington last night from his brief visit to Boston and Montreal. The secretary said he expected to leave Savannah, Ga., Thursday for a trip to Cuba on the regular trip of the transport Ingalls. He has never been to Cuba and takes the trip both to familiarize himself with the conditions there and to get a brief respite from official duties at Washington.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. has made me a perfectly well woman." Mrs. Charles Hutton, Berville, Mich.

"A dose in time saves lives." Dr. Wood's Norway Pine Syrup; nature's remedy for coughs, colds, pulmonary diseases of every sort.

Hives are a terrible torment to the little folks, and to some older ones, easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Belgian Concession Refused.

London, March 20.—The Pekin correspondent of the Times says: "Sir Claude Macdonald (the British minister) has been urging the tsung-li-yamen to grant the Belgian demand for a concession in Hankow, but China declines and the British advocacy of Belgium's proposal is regarded as unreasonable and inconsistent."

Chicago Live Stock Markets.

Chicago, March 18.—Weakness prevailed in trade today, values for hogs showing decline of 5@10c from best prices the day before, that being the only branch in which there was trading of any considerable volume. The few offerings in other branches went quietly with little change from prices recently quoted. Today's receipts were estimated at 200 cattle, 19,000 hogs and 2,500 sheep. Late trade in cattle and sheep has had agreeably strong tone at prices that are considered attractive enough to bring quite liberal receipts for the opening trade next week. Only moderate receipts of hogs are anticipated, as the roads in many sections are almost impassable. The general scale of prices is regarded as a fairly reliable basis for early trade the coming week.

To Partition East Africa.

Berlin, March 20.—It is announced upon reliable authority that Cecil Rhodes, during his stay in Berlin, furnished the German government with valuable information regarding the proposed division of the Portuguese colony of Mozambique. After Portugal places her colonies on the market, which will probably occur before the year 1902, Germany will get the northern half of Portuguese East Africa, extending south as far as the Zambezi river, which will be added to the contiguous territories of Natal and Mashaland. Germany, by this arrangement, will obtain the harbors of Quilmane and Mozambique, while Great Britain will get the harbors of Beira and Lorenzo Marques. This arrangement quite conforms to the Anglo-German entente of 1898.

May Buy Off the Filipinos.

Washington, March 20.—The administration has a fund of \$3,000,000 in the general deficiency bill, additional to the \$3,000,000 provided by congress for the disbandment of the Cuban army. This money can be used by the commissioners as an inducement for the Filipinos to lay down their arms. The latest estimate of the strength of the Filipino forces is 30,000 men. To buy their return to peaceful occupations would, it is said, be cheaper than war, although the strategical advantages gained by Gen. Otis in dividing Aguinaldo's forces must convince even that inexperienced warrior that he can not withstand his opponents much longer.

Denmark, Aids Farm Workers.

Stockholm, March 20.—The Danish government has undertaken to secure to deserving farm-workers throughout the kingdom the privilege of acquiring small holdings of land on easy terms. As a beginning allotments of money, each sufficient to purchase a small farm, have just been made to 600 employed farm laborers, who are to pay 5 per cent interest on the money advanced.

Americans Salute Spaniards.

Gibraltar, March 20.—The United States gunboat Raleigh, on leaving the bay Saturday afternoon bound for the United States, passed the Spanish fleet under Admiral Camara, which was leaving Algeiras for Cartagena. The Raleigh hoisted a Spanish flag and fired a salute. Camara's flagship hoisted the American colors and his guns returned the salute.

Pillage and Kill in Smyrna.

London, March 20.—The Constantinople of the Standard says: "News has been received from Smyrna that 6,000 Cretan Mussulman refugees, who were in lack of work and food, invaded and pillaged the Greek and Turkish quarters of the city, a conflict resulting in which many persons were killed or wounded."

Ludlow Would Go to Manila.

Havana, March 20.—Maj.-Gen. Ludlow, military governor of the department of Havana, desires to be relieved of his duties and to go to the Philippines. It is understood that he has applied to the war department for a transfer, and has strenuously urged that it be made. He is weary of the details of city administration.

Hits Board of Trade Men Hard.

Washington, March 20.—A well defined rumor circulating here is that the United States supreme court will today decide the case in which all brokers or commission men doing business on board of trade must pay a revenue tax to the government. The court, it is reported, will affirm the constitutionality of the act.

Oregon Now at Manila.

Washington, March 20.—The navy department has been advised of the arrival at Manila of the battle ship Oregon.

PROGRAM AT SPRINGFIELD.

Question of Congressional Reapportionment to Be Settled This Week.

Springfield, Ill., March 20.—It is expected that this week will settle conclusively the question of congressional reapportionment. It is the commonly accepted opinion that a new apportionment will not be attempted at this session. There is a possibility, however, that the subject will be taken up by the congressional apportionment committee.

Mr. Brown will call up some time this week his bill repealing the gas-frontage act of two years ago. This measure is now on second reading. The Erickson bill reducing gas rates in all cities of more than 25,000 inhabitants will probably be advanced during the week. The Mansfield arbitration bill is likely to be passed by the house early this week. The free employment agency bill is a special order for Tuesday on second reading.

Appropriation bills will have the right of way in the senate this week, and most of the committee work will be on these measures. A plan has been mapped out for the consolidation of all appropriations for state institutions into an omnibus bill.

Senator Landrigan will make another effort this week to have his warehouse bill advanced. The bill is still in committee, and he has not yet been able to have it reported upon. The bill repeals the law passed two years ago, which permits warehousemen to trade in grain stored in their warehouses. It also makes it unlawful for them to mix grain that is stored with them.

Mr. Tower in St. Petersburg.

Moscow, March 20.—Ambassador Charlemagne Tower, who succeeds Ethan A. Hitchcock as the United States representative at St. Petersburg, has arrived at his new post. He was warmly welcomed by the members of the diplomatic and consular corps.

Dr. Oliver Marcy Dead.

Chicago, March 20.—Dr. Oliver Marcy, dean of Northwestern university and that institution's patriarch, died at 8 o'clock yesterday morning at his home, 1703 Chicago avenue, Evanston. His illness extended over a period of about nine weeks.

"The Newest."

On the Bridge.

WE ARE PUSHING GOOD FLOUR.

For some time past we have been selling the two best Flours millers could
produce at \$1.00 per sack; against an advancing market most of the time.

Still we have kept the price down to a bargain figure. We have sold and
are selling immense quantities of Flour, not only because the price is low, but also
because these two Flour brands are of such goodness.

**Washburn-Crosby Co.'s
Gold Medal at \$1**
has but few equals; no better.

Jennison Bros'.
'Very Best', at \$1,
is a Flour that has never re-
ceived anything but praise
from its users.

Jennison Bros'.
Hard-to-Beat, 95c,
is thought by many to equal
many so-called "best patents".

We can not say how long we will continue present prices. We bought
several carloads at just the right time; and such a thing is possible that the market
may advance strongly. In that case our prices will advance. Keep your Flour
well cared for now while the price is in your favor.
